

A Message from
THE NATIONAL PRESIDENT

We Are NTEU United!

Today we gaveled to a close the 57th National Convention of our great union. All week, delegates to the convention have been hard at work preparing NTEU for the next few years. Among the many responsibilities of delegates is to choose the national leaders for NTEU.

I am honored and humbled to be chosen to serve as National President for another four years. And, I will do so in partnership with Jim Bailey, whom delegates selected for a second term as National Executive Vice President.

One of the reasons I am so proud to lead our union is that I have a strong belief in the value of public service. You deserve respect, you deserve fair and competitive pay and you deserve the benefits you were promised when you first entered federal service. I want to keep fighting, alongside each of you, until we reach those goals.

We are all part of the long and storied history of NTEU. Those union members and leaders who came before us fought for a better workplace for themselves and for all the employees who followed them. We are benefiting from their efforts and I want future federal employees to benefit from ours. That is our legacy. I look forward to working with each of you to build a better federal workplace for you, for those who come after you and for this country.

Together we are NTEU United and nothing can stand in our way.

A handwritten signature in black ink that reads "Tony". The signature is written in a cursive, slightly slanted style.

Tony Reardon
NTEU National President
